

4 Easy Steps to Install Waterproof Cover on Your Camera While Using A Solar Panel.

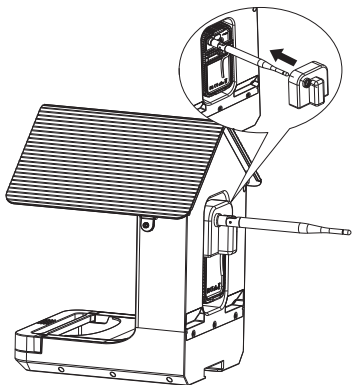

1. Connect the solar panel charging cable to the camera.

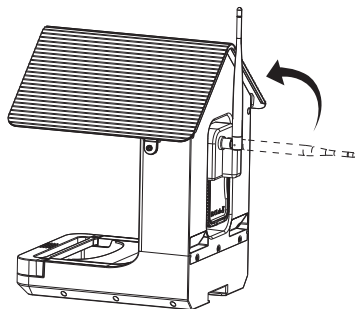

2. Flip down the antenna.

3. Attach the waterproof seal to cover the camera.

4. Flip the antenna back up to enhance connection.

IMPORTANT SAFETY ADVISORY

Risk of Detachment of Smart Bird Camera

Please be aware that the Smart Bird Camera may detach or fall due to various unforeseen factors, including but not limited to improper bundling or being struck by heavy objects. To ensure your personal safety, do not stay or linger in the area directly beneath this product. We inform you to comply and to prominently display this safety notice around the placement of the Smart Bird Camera to prevent potential dangers. Thank you for your cooperation!
